ICEM 2024 AT A GLANCE

WHAT IS ICEM

The International Conference on Electrical Machines (ICEM) has established itself as an influential and recognized International event, being the only major international conference entirely devoted to electrical machines. Started in London in 1974, ICEM is now regularly held every two years.

WHERE

The Conference will be held at the Politecnico di Torino (Italy), one of the most prestigious public institutions at both the International and the Italian levels concerning education, research, technological transfer and services in all sectors of architecture and engineering.

WHEN

01 – 04 September 2024

WHO WILL ATTEND

Average attendance is about 5-600 young and senior academics coming from all over the world
